They come in all shapes, sizes and styles – from timeless, classic sail yachts to futuristic megayachts, some resemble oversized floating palaces, others are nimble and more akin to racing cars; but whatever size, shape or style they are, they all are touched by luxury, and all are... super. After all, these are superyachts we're talking about, an elite category of boats accessible to a few and desired by many.

On the following pages, we present a selection of photographs of some of the most impressive superyachts that ascended to Phuket for the inaugural edition of the Kata Rocks Superyachts Rendezvous. This three-day long invitation-only superyacht gathering rocked the global yachting scene, and gave those who attended a unique opportunity to experience the superyacht lifestyle - both on water, aboard one of 15 magnificent vessels which graced the event, and on land, at Phuket's famed Kata Rocks, the world's first resort with design and ambiance inspired by a superyacht. Invited guests enjoyed a series of bespoke activities, glamorous parties and social events that effortlessly mixed networking and socializing in a relaxed and luxurious environment.

The 2017 Kata Rocks Superyacht Rendezvous will be held from 8 to 10 December 2017.
